Oak Farm Barn is found close to the heart of the village of Rougham. Originally built during the early 19th century, the barn is timber framed, and roofed with traditional Suffolk pan tiles. We have tried to be as sympathetic to the original barn as possible. Many of the original oak beams are exposed, showing the rich oak grain and original craftsman's markings. To this we have brought handcrafted solid oak doors and a stylish traditional open plan oak stair case and landing walkway. A true family effort over an 18 month period has seen the building transformed into a unique experience for visitors. The entrance hall floor incorporates the original floor bricks and the under floor heating provides a warm welcome leading to three double or twin bedrooms, all en-suite. Disabled guests will be accommodated in the purpose built twin room with access to wet room facilities. The open staircase leads to the light and airy upstairs lounge and dining area which offers a relaxed country feel. Each bedroom is individually styled with handmade accessories and attention to detail.
